Total Annual Savings	\$5,304.50	\$7,975.00

Payback in Months	37.5	33.6
--------------------------	-------------	-------------

A high efficiency fryer with automatic filtration requires significantly less oil, gas and labour to operate. When calculated over a 7 year life a 2 well fryer will save \$37,000 in operating costs and a 3 well fryer will save over \$55,000.

Leasing programs are available with monthly payments as low as \$416 for 2 fryers or \$557 for 3 fryers, based on a 48 month payment schedule. With a monthly operating savings of \$442 for two fryers and \$664 for three fryers you can be cash positive from day one.
